Parent Non-tax Filers Verification (V1)

Your student's 2022-2023 Free Application for Federal Student Aid (FAFSA) was selected for review in a process called verification. The law says that before awarding Federal Student Aid, we may ask you to confirm the information you reported on the FAFSA. To verify that you provided correct information, we will compare your FAFSA with the information on this institutional verification document and with any other required documents. If there are differences, the FAFSA information may need to be corrected. A parent whose information was reported on the FAFSA and the student must complete and sign this institutional verification document, attach any required documents, and submit the form and other required documents to us. We may ask for additional information. If you have questions about verification, contact us as soon as possible so that your financial aid will not be delayed.

The instructions and certifications below apply to the parent who signed the FAFSA and spouse, if the parent is married. Complete this section if the parent and spouse will not file and are not required to file a 2020 income tax return with the IRS.

Check the box that applies:

[Provide copies of all 2020 IRS W-2 forms issued to the parent and spouse by their employers]. List every employer even if the employer did not issue an IRS W-2 form.
